

# THE ART, PAIN AND OPPORTUNITY OF SHORT SELLING

---

MAY 3

---

This long bull market has inflicted absolute carnage among short sellers, and even seasoned veterans are throwing in the towel. This capitulation, however, combined with the increasing level of overvaluation, complacency, hype and even fraud in our markets, spells opportunity for courageous investors, so there is no better time for a conference focused solely on short selling.

On Thursday, May 3, Whitney Tilson's Kase Learning will host a full-day conference in NYC at which some of the world's top short sellers will teach the hard lessons they've learned, reveal the questionable companies they've identified, and share their best, actionable short ideas.

## AGENDA

- Is short selling dead?
- Lessons from the battlefield
- 9 reasons to short – and 12 reasons not to
- How to identify good short ideas – and avoid ones that will crush you
- How to manage a short book

- The absurdity of bitcoin and other obvious bubbles
